

## HDPE 534F7 Technical Datasheet

### 1) Product Description:

The 534F7 is a HDPE grade for monofilament applications, which combines a good processability with a very high tenacity. This grade is suitable for multiplies filaments too.

### 2) Applications:

Monofilament

### 3) Typical data:

Property	Test method	Unit	value
Melt Index	D1238	g/10	0.7
Density	ASTM D1505	g/cc	0.935
Tenacity	D 2101	g/den	5.0
Ultimate Elongation	D 2101	%	50

\* Typical values not to be construed as specifications.
